

The poster session will be the session that attendees acquire more ideas about 1) what kind of research is going on in the community; 2) what kind of projects have been funded; 3) and where are the research development in the past and in near future.

Additionally, "poster market" from 15:30 to 16:00 gives time for Q&A during which **the poster presenters will stand next to their posters.**

In the end, we have received 27 registrations for bringing a poster!
