

UNIVERSITY OF TWENTE.

## SYSTEMS SECURITY

ERIK TEWS <[e.tews@utwente.nl](mailto:e.tews@utwente.nl)>

STJEPAN PICEK <[S.Picek@tudelft.nl](mailto:S.Picek@tudelft.nl)>

# SYSTEMS SECURITY

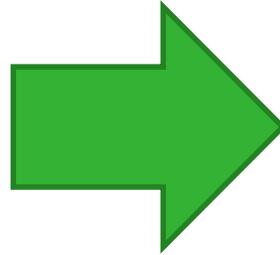

## HOW TO BUILD SECURE SYSTEMS

---

- IoT and embedded systems security
- Side channels and countermeasures
- Covert channels
- Counter exploitation methods
- Secure systems design

# IOT SECURITY

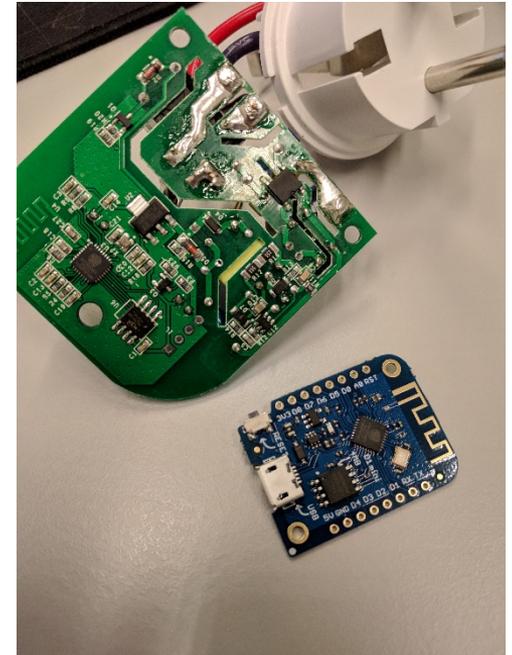

---

# SIDE CHANNELS

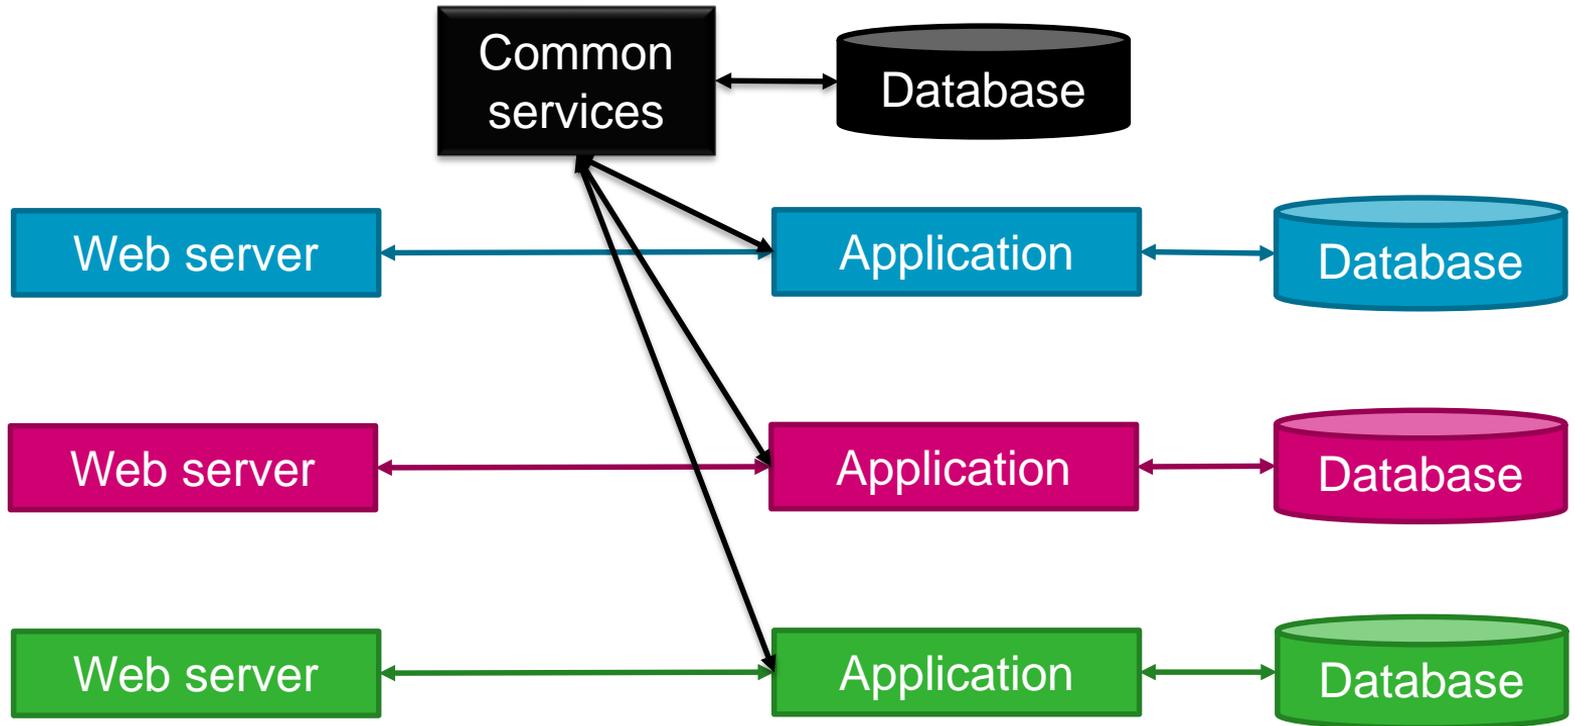

---

# COVERT CHANNELS

# COUNTER EXPLOITATION AND SECURE DESIGN

# REQUIREMENTS

---

- Operating Systems
- Cryptography and some background in statistics
- Networking
